

2024-2025 Five Rivers MetroParks
Accessible Deer Management Blind Application

Applications are accepted from June 17, 2024 – July 14, 2024

Registrants will be contacted via phone between July 22 - August 1

This application is for the Accessible Deer Management Blind (accessible blind or blind) which is located at Taylorsville MetroPark (8300 S. Brown School Road, Vandalia, OH 45377).

In order to balance the availability of the Blind and satisfaction of selected participants, Five Rivers MetroParks (FRMP) may limit the number of accessible blind participants. For the 2024-2025 season, the maximum limit is four (4) participants. Preference may be given to those who need a modification to participate in the program because of a disability. A random selection may take place because of capacity limitations. There is no preference given to FRMP volunteers or staff.

Registration is \$20 per person; credit cards are accepted. The registration fee is due at qualifications. MetroParks staff will call to schedule a date and time to qualify. Registration fees help cover the cost of managing this program and conduct deer management research.
